BLUE VALENTINE DIVERSITY

You can find it here at
"THE SOURCE"

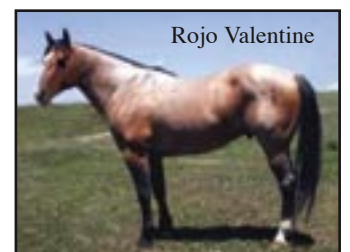

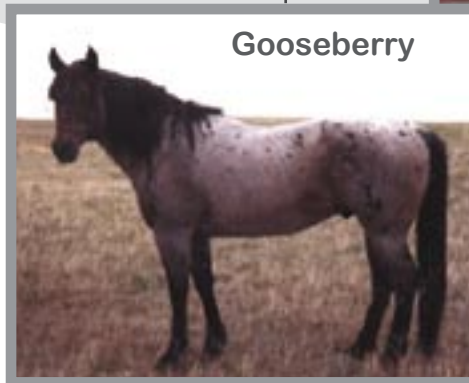

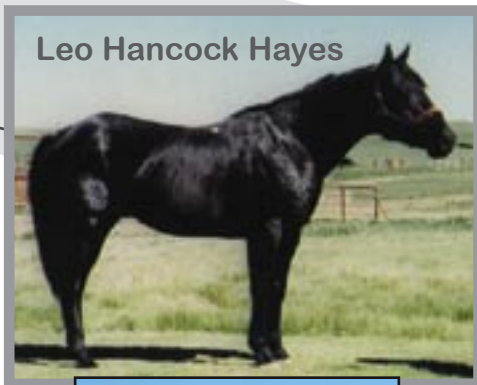

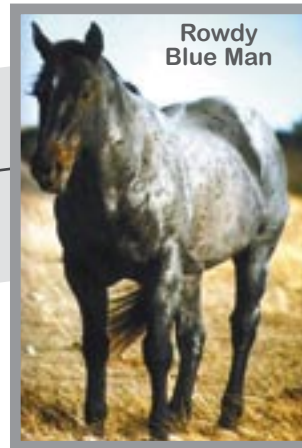

Our stallions go back to Blue Valentine through 6 different sons shown here.

Read more on the Reference Sire page.

•••

Our mares provide the same kind of selection and diversity.

But a page like this for the mares would take a whole new book.

The Driftwoods...

- Our concentration of Driftwood blood started with the Stanley and Randy Johnston mares. These mares were a blend of Driftwood, Poco Speedy, Orphan Drift, Sak Em San (son of Peppy San), Doc's Jack Frost (sire of Sun Frost) and Captain Crusade. We bred these mares to our Blue Valentine stallions.
- Another good cross was My Drifty Pride and daughters of Gooseberry. This proven program, through Valentine Drift, has given us genetic strength and diversity for the future.

He's homozygous black and 43.75% Blue Valentine. He's a little more refined and modern than some of the traditional high % Blue Valentine sires around. We are really excited about this colt. We bred him to a variety of mares this year. He's by Chip's good horse Wyo Blue Bonnet and out of a Plenty Try-Chuckkar Maid 45 mare. We are using him on the ranch and he is quick, sensible and has a super disposition.

This is our replacement for Valentine Drift who we lost prematurely last year. Plenty of Blue Valentine and a shot of My Drifty Pride. That puts more cow and athleticism in them, like the kind of horses that Nick Rowland and Mickey Gee are using. He's low-hocked and very athletic for a big horse. Great mind. Real gentle.

Blue Valentine Jr 2004 Blue Roan

Blue Bridgets Rojo	Ruano Rojo	Blue Valentine Moon Princess

We bred and kept this Blue Bridgets Rojo colt because he goes back to Blue Valentine an amazing 7x. This kind of genetic strength is hard to keep and maintain. Looking at his foals this year, it seemed to have worked. You will see more of him and his genetic strength and diversity in the future. All foal crops have been roan.

Bath Bros Ranch

Randy and Laurie Dunn - Carrying on the Bath Family Tradition

My ancestors, the Baths, came to Laramie in the spring of 1868. The railroad followed in the fall, and the Territory of Wyoming was formed. The Baths built the first wood framed building in Laramie in 1869 before moving to the Little Laramie Valley to start raising cattle and horses.

The Bath Brothers had a long and strong tradition of raising good using horses and reputation cattle. In the 1930's, they raised re-mount horses for the government. They began raising Quarter Horses in the late 30's, and became AQHA members in the early 40's.

My wife, Laurie, and I continue the 140+ year tradition of raising quality horses on the same ranch. We still use the family's original AQHA number (#7965), as our Lifetime AQHA number, and carry on the same principles that have been handed down for four generations in the Bath family. Our horses are easy keepers with good minds, speed, bone, and tons cow and athletic ability.

Our ranch is one of the oldest working ranches in Wyoming and our brand is one of the oldest recorded in the state. Our horses are raised in big, open pastures along side of the cattle. We use the horses we raise and feel they offer the genetic strength to perform and compete in any discipline or arena. Our program includes 6 grandsons and 31 granddaughters of Blue Valentine.

We are ranchers raisin' good horses!

Vince Hayes in the late 1800s.

Merritt Quarter Horses

Chip, Kathy, Brady & Corey

The Start of A Tradition...

It all began in 1880 when my great-grandfather, Vince Hayes, trailed a herd of good mares from Ft. Riley, Nevada to Thermopolis, Wyoming. His two sons, Buster and Laurie, continued the tradition of raising and riding top horses and sought ways to improve them. Around 1951, they purchased Texas Blue Bonnet, a son of Joe Hancock. They started crossing him on their own mares and in 1955 a Patron mare bred to him produced a foal named Plenty Coup, who went on to also produce many top colts.

Buster and Laurie Hayes

At about the same time my grandfather, King Merritt, brought one of the first Quarter Horse stallions, "Old Red Buck P-9" to Wyoming. As a respected horseman, King had judged the first Quarter Horse show in California. He and all his children were well known for their horsemanship skills. King and his son Hyde brought additional stallions to Wyoming, including Ambrose and Patron. Hyde inherited from his father the satisfaction of riding a good horse he knew he had raised.

In the fall of 1956, Ken Gunter gave Del Haverty the pick of the Red Man colts. Del picked a blue roan stallion named Blue Valentine. Del trained Blue to rope calves, tie-down team rope, and haze dogging steers. Blue later was most famous as a steer roping horse but Del always felt he was

a better calf horse than anything. Del sold half interest in Blue Valentine to Buster and Laurie Hayes.

Buster and Laurie stood Texas Blue Bonnet, Plenty Coup, and Blue Valentine. It was quite an experience to see these studs out with the excellent set of mares Buster and Laurie had accumulated.

The tradition continued when my mother, Dede (Buster's daughter), married my father, Hyde. Hyde started breeding his Ambrose mares to Hayes' Plenty Coup, then took that cross and bred to Blue Valentine. This program produced the stallion Gooseberry, Crow Creek (Lory's top calf horse), and many good mares.

Hyde and Dede then bought the other half interest in Blue Valentine from Del. Hyde felt like it was a great privilege to rope steers on Blue. In 1970 Hyde roped at his last Cheyenne Frontier Days on Blue. Everet Shaw, who rode his share of great steer roping horses, told Hyde that Blue was the best horse at Cheyenne that year. Hyde and Del both felt that Blue started out of the box quicker and could catch cattle easier than any horse they had ridden. The combination of Blue's athletic ability and Del's training made him hard to beat.

The Tradition Lives On...

Kathy and I continue this tradition by raising horses with as much Texas Blue Bonnet, Plenty Coup, Ambrose and Blue Valentine as possible, hoping to preserve the heritage of these great bloodlines. Offering the best horses we can raise is what we work on all year round. What we bring to the sale each year is no accident. Kathy & I work diligently with the future of these horses in mind. We know what the two of us like in a horse, but the direction of our breeding program involves a lot more than that. Each year's colt crop represents our efforts to improve upon the last. People from all over tell us that these horses have such good dispositions. One thing holds true...No matter what different things we do with a horse, we all want to ride one that's gentle...versatile...athletic.

"Winning a World Championship is a huge honor, but being a high point horse, like Blue Fox Hancock, is just as, if not more, prestigious. I feel that the high point horses work harder by the number of performances, and the number of different judges they show to. They have to be a very consistent type of horse to do this."

“What is it about the Outside of a Horse That is so Good for the Inside of a Man?”

Van Pelt's Vista Grande Ranch is located south of Laramie, Wyoming, 8 miles south of I-80, up against the base of the Laramie Range of Mountains at about 7400 feet above sea level. The high plains of Wyoming, its good hard grass, cold mountain water, and acres and acres of bright blue unpolluted sky is home to the Van Pelt string of top quality ranch bred working cow horses going back to Blue Valentine, Joe Hancock and Leo. It doesn't matter whether you rope, cut, barrel race or just need a good tough ranch horse, we have something that will fit you. This year we have welcomed another firecracker crop of new foals for your review and we always have lots of select yearlings from which to choose. We feel our breeding program is now producing the best of what we have to offer – the color is TRUE BLUE and there's lots of it...come take a look. We know everyone likes a choice, and our horses sure offer plenty of choices. August is a great time to visit Laramie...drop by to see our horses and visit over a cup of coffee.

We'll leave the light on for you.

Les Talkington & Dick winning at the USTRC Regional Finals in Cheyenne. Dick is real proud of Jimmy, who ropes in a pencil bosal and needs very little guidance. Jimmy's dam is a maternal half-sister to Leo Hancock Hayes. Dick says sometimes we don't give enough credit to the mare.

Dick and Dianne invite you to visit Vista Grande.

I feel I have the best cowgirls in SE Wyoming on our payroll! Tori and Heyli Bonham, along with Toby Dunlavy, are just the touch we like with the yearlings. These horses have gentle starts and trust everyone, thanks to these young ladies.

Here's What You've Been Asking For...

Greg Frye has been riding sale horses for me for the past several years. He has done an outstanding job. Our customers are very pleased with what these horses can do. This year he had some bad luck when a horse fell with him (not one of ours). So only one of the horses he had finished will be in the sale. The future looks bright. Greg and his 14 year old daughter, Riyatta, spent the summer riding seven 2-yr-olds. She has had to step up and help her dad out, and has become an even better hand this summer. Although some of these horses won't be finished by sale date, you'll see them next year, if we don't sell them first.

Greg did a lot of ranch work with Go Blue Cowboy, including dragging calves to the fire.

I was lucky to get Kiley Scott to ride three horses again for me this year. You won't be disappointed with what you see. You're really going to like these big gentle ranch horses. For as young as they are...no one can say they don't learn fast! You'll be impressed when you see them work sale day. They will be "dog gentle" and here's a picture to prove it!"

It was very rewarding to receive pictures of Linus Clark and Clay O'Brien Cooper winning the 4th Annual Sweetest Loop Pro-Am Roping in 2009. Linus is riding an 8-yr-old son of Blue Hancock Cowboy out of a Leo bred mare.

Linus trained this horse himself and Clay was impressed with the horse's consistency. He commented on the excellent handles knowing all he had to do was come around the corner and do his job. Congratulations to both Clay and Linus and their good horses.

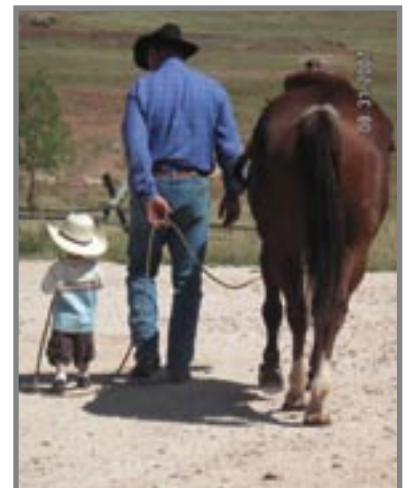

This big blue stud, owned by trainer Danny Schicke of Nueve, California is the reason I love raising these horses. I accidentally found this colt, a product of our 2003 sale, while visiting friends in California. I was real proud to see my brand on this good-looking horse. Danny won 3 saddles and over \$10,000 on him as a 4-yr-old. Danny estimates he has ridden and trained a thousand horses, and he places this colt in the top 1% of all of them. He loves his disposition and ability to learn.

It would seem foolish to turn your 4-yr-old grandson loose on a 3-yr-old horse, but that's exactly what we did. He first rode Cowboy Creek in the arena by himself. This 3-yr-old is already a baby sitter, broke to be a kid's horse by all the little Fryes who range in age from 5 to 14 years old. Cowboy Creek's 2-yr-old full sister, Cowboy Queen Lana sells in the sale.

**At the end of the day,
this is what it is all
about...**

	Driftwood Babe	Driftwood Ike Corina Babe

This nice filly has a high percentage of Driftwood, blended with Hancock. This cross has the reputation for producing good foals. Poquita is a great producer and we have kept a son back as a replacement stallion. If you are looking for a performance bred filly, this one has all of the right genetics.

This filly is Rowdy Advantage's first colt. She's really gentle even though we haven't messed with her much. We had a hard time taking her picture because she followed us all over. She's 43.75% Blue Valentine.

Blue Hancock Cowboy	Brazos Buck Hancock	Wild Horse Breezy Fridays Angel
	Deep Creek Theia	Hancock Duplicate Vermouth
Pig Creek Ella	Pig Creek Roan	Wild Horse Breezy Fridays Angel
	Queen Lana Lou	Colonel Hankins Queen Louise

I wish we would've had time to ride this one, because her full brother, who is a year older, has made a wonderful kids horse. It sounds like an oxymoron when you say a 3-yr-old is a kids horse, but turn to the Vista Grande pages, and you'll see my 4-yr-old grandson riding him. This filly could turn out just as good and she's 17% Joe Hancock.

33% Blue Valentine. This filly is the classic Driftwood/Hancock blend, and we believe the Blue Valentines make the best cross. 8x Blue Valentine gives you a lot of genetic strength. Rojo Woodsping has produced one of our top foals every year.

	Clips Majestic Lady	Clip Bars
		Sanjet Sage

This mare is over 17% Joe Hancock and double bred Hancock Duplicate up close. Three Bars is the sire of Clip Bars, an AQHA champion. There is lots of performance here, but if you're lucky to have a Blue Valentine stud to breed her to, it should be a winning cross.

Blending the performance and cowhorse blood of Blue Valentine, Peppy San and Driftwood has created an unusual palomino roan color. This filly has incredible potential. The quiet nature of Sak Em Briarwood and Blue Brdgets Rojo ensures that she will be a pleasure to train and ride.

She's not as big as the rest, but she's catching up with the rest. She's got lots of chrome to go with her red roan color. Meanest Competitor was AAA and a track record holder. My Easy Charger and My Champ were both AAA. Bill Nebeker of Prescott, Arizona is roping off a son of My Champ that he is really proud of.

This pretty red roan filly has a dynamic cross of 10x Blue Valentine and 4x Texas Blue Bonnet. Combining this with Leo and Sugar Bars gives this filly an amazing blend of performance and speed. She should have an easy going attitude, and the known athletic abilities of Fox Coup offspring.
